

POST-CARE

VI PEEL

PLEASE FOLLOW THESE INSTRUCTIONS TO MAXIMIZE RESULTS, AND MINIMIZE THE CHANCES OF SIDE EFFECTS FROM YOUR VI PEEL:

AFTERCARE

- *MAINTENANCE OF VI PEEL TREATMENTS ARE NECESSARY TO MAINTAIN RESULTS. AS WELL AS THE RECOMMENDED SKIN CARE REGIMEN BY THE PROVIDER AND SPF 50+.*
- *AVOID EXTENDED DIRECT SUN EXPOSURE. TANNING BEDS ARE STRICTLY PROHIBITED BEFORE AND AFTER RECEIVING THE VI PEEL. PLEASE WEAR HATS AND USE THE SUNSCREEN INCLUDED IN THE KIT IF YOU HAVE TO GO INTO THE SUN.*
- *FOR 72-96 HOURS AFTER APPLICATION, DO NOT PERFORM ACTIVITIES THAT INVOLVE EXCESSIVE SWEATING (EXERCISE, SAUNA, HOT TUB STEAM ROOM). OVERHEATING MAY CAUSE YOU TO DEVELOP SWEAT BLISTERS OR CAUSE HYPERPIGMENTATION TO WORSEN.*
- *PROTECT SKIN WITH SPF 50+ AND AVOID SUN EXPOSURE DURING THE 7 DAY EXFOLIATION PROCESS.*
- *LASER TREATMENTS AND EXFOLIATION TREATMENTS ARE PROHIBITED TWO WEEKS BEFORE AND AFTER THE VI PEEL IS APPLIED*
- *PLEASE FOLLOW ALL OF POST-CARE INSTRUCTIONS INCLUDED IN YOUR KIT. WE ADVISE USING ONLY THE PRODUCTS IN YOUR KIT UNTIL PEELING IS FINISHED. YOU MAY ADD A GENTLE MOISTURIZER IF YOU FEEL LIKE YOUR SKIN IS TOO DRY.*

COMMON SIDE EFFECTS

- *PEELING, MILD REDNESS, AND MILD ITCHING IS EXPECTED DURING THE PEELING PROCESS. THE INCLUDED POST TREATMENT REPAIR CREAM SHOULD HELP WITH IT.*
- *YOUR SKIN MAY PURGE DURING OR AFTER YOUR PEEL.*
- *PLEASE CONTACT YOUR PROVIDER IF HYPOPIGMENTATION, OR HYPERPIGMENTATION OCCUR.*
